PROFESSIONAL SUMMARY

Frontend Developer experienced in building scalable web applications using React.js, Next.js, TypeScript, and JavaScript. Skilled in responsive UI development, REST API integration, state management, and performance optimization. Experienced in implementing Server-Side Rendering (SSR) and SEO optimization using Next.js. Currently developing production applications at Aim Window Info Tech.

TECHNICAL SKILLS

Frontend Technologies: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, UI/UX Implementation, React Hooks, Responsive Design, Performance Optimization, State Management, API Integration.

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, Postman, VS Code

WORK EXPERIENCE

Aim Window Info Tech, Bengaluru, India

2023 – Present

- Developed and maintained web applications including **LMS, PMT, and E-Commerce platforms** using **React.js and Next.js**, improving application performance and user experience.
- Implemented **Server-Side Rendering (SSR) in Next.js** to enhance **SEO performance and page load speed**.
- Built **reusable and scalable UI components** following component-based architecture to ensure maintainable and consistent frontend development.
- Integrated **REST APIs** to create dynamic, data-driven interfaces and improve real-time data handling across applications.
- Designed **responsive and pixel-perfect user interfaces** in collaboration with designers using **Tailwind CSS, HTML, and modern JavaScript**.
- Collaborated with backend teams to ensure **smooth API communication and efficient data flow** between frontend and backend services.
- Received the **Future UX Star Award** at Aim Window Info Tech for delivering high-quality UI implementations and improving overall user experience.

KEY PROJECTS

Learning Management System (LMS)

- Built a scalable Learning Management System (LMS) featuring course management, authentication, role-based access control, chapter and lesson-based HLS video streaming, and interactive quizzes with answer validation

E-Commerce Platform

Next.js, SSR, SEO

- Developed a scalable **e-commerce web application** with product listing, shopping cart, and checkout functionality and with admin panel for managing stocks and orders.
- Implemented **SSR in Next.js** to improve SEO visibility and optimize page load performance.

EDUCATION

B.Sc. in Software Systems

Kongu Engineering College, Tamil Nadu, India

AWARDS & CERTIFICATIONS

- Future UX Star Award - Aim Window Info Tech (recognition for outstanding UI/UX contributions)
- MERN Stack Development - Besant Technologies, Bengaluru
